

# COIN OPERATED

JONAS & LANDER

# COIN OPERATED by JONAS&LANDER

**Duration** 35 minutes

**Age Classification** 6+

## SYNOPSIS

***Coin Operated*** appears on the artistic journey of Jonas&Lander by the invitation of BoCA - Biennial of Contemporary Arts.

***Coin Operated*** comes as a performance/installation directed to unconventional spaces, where the dialogue with the public is direct and the continuity of the performance depends on the dynamics of that same dialogue. The mutation between installation and performance occurs through an audience that is invited to introduce €1 coins into the slot of two horses where Jonas and Lander are sitting in asphyxiating immobility. From that moment, when the connection between horse and coin takes place, the installation ends to give way to performance. With this work, Jonas&Lander intend a new approach to the spectator, in which it starts to take an active role in the consequence and dynamics of the action, celebrating an unexpected dialogue with each presentation.

## TEAM AND CREDITS

**Artistic Direction, Choreography, Interpretation** Jonas Lopes and Lander Patrick

**Technical Support and Interpretation** Joana Mário

**Sound Design** Lander Patrick
